NURSES MARCH ON WASHINGTON, DC!

Friday, March 31, 1995 at 12:00 Noon - West Front to The White House

Now is the time for nurses to let the American Public know what is going on in hospital settings!

**DANGEROUS NURSE PATIENT RATIOS • UNLICENSED PERSONNEL TO REPLACE RN's
DECREASED HOSPITAL STAYS FOR CRITICALLY ILL PATIENTS**

All these and more contribute to decreased quality patient care. For too long our message has not been heard, and has been blocked by hospital administration, the government and the media. We are expecting over 30,000 nurses! Please be a part of this march! We must stick together and show the American public that we care for them, as well as for the existence of our endangered profession! Get involved! Now is the time! It is said that nurses don't stick together...let's prove them wrong! Together we can get the exposure we need in order to prevent the death of nursing. There will be several Congressman, Congresswomen and powerful nursing advocates as speakers.

WE WILL BE HEARD!

If you're interested in promoting this march, tell your colleagues!

Please send \$5.00 (payable to REVOLUTION, 56 McArthur Avenue, Staten Island, NY 10312) to cover the cost of 100 flyers, program presentation schedule and hotel info. sheets.

Call (718) 948-4938, the office of REVOLUTION (9-5 EST) for information.

To make hotel reservations, call Washington DC accommodations at (800) 554-2220 (Mon-Fri 9-5 EST). CALL NOW!

**WE INTERRUPT OUR BACK COVER
FOR THIS IMPORTANT MESSAGE...**
